EXPERIENCE

NIBIZ SOFT

Software Developer / Laravel Developer

Feb 2026 – July 2026

Dhaka, Bangladesh

- Engineering backend architectures and robust RESTful APIs using Laravel, PHP, and MySQL.
- Designing relational database schemas, optimizing Eloquent ORM queries, and handling migrations.
- Integrated secure third-party services and payment gateways through RESTful APIs.

R2ait

PHP Laravel Developer (Backend Developer)

Aug 2025 – Jan 2026

Banasree, Rampura, Dhaka 1212

- Built and maintained scalable web applications using Laravel and PHP.
- Configured and deployed applications on Hostinger servers.
- Collaborated with Flutter developers through GitHub while following clean coding and version-control practices.

DevTechMasters

PHP Laravel Developer (Remote job)

Jan 2024 – Dec 2024

Home

- Integrating modern frontend components using React.js and Tailwind CSS for seamless data flow.
- Applied Laravel and PHP best practices to produce clean, maintainable and efficient code.
- Contributed to feature implementation, bug resolution, troubleshooting, and continuous product enhancement.

Codeeo Limited

PHP Laravel (Paid Intern)

Aug 2023 - Dec 2023

Nikunja 2, Khilkhet, Dhaka-1229

- Implemented REST APIs and payment gateway integrations with OAuth/JWT-based authentication.
- Configured and deployed applications on Hostinger servers.

PROJECTS

The Jona Project | Laravel, MySQL, REST API

Feb 2024

- Architected a scalable e-commerce backend and content management system leveraging Laravel and MySQL.
- Implemented complex product catalogs, dynamic cart workflows, and custom admin controllers.
- Designed optimized database migrations, relationships, and authentication guards for security.
- [Live site here](#)
